SHORT BIOGRAPHY:

Georgia Carr (musician, psychotherapist and meditation teacher) and Susan MacFarlane established Heartcentre in 1985, a place of peace and inspiration. Georgia lives and works in the Blue Mountains, Australia using her 'Heartcentering Music' and songs to help awaken the heart to the beauty of love. Her harmonious and uplifting songs celebrate life's amazing and sacred journey.

(NOTE: There is another Georgia Carr, singing rock and R&B.)

**Let the Spirit of Peace
Reach deep into the oceans
And high into the sky
Weaving this world
 into one harmonious whole
Bathing this planet in light and love
Blessing this Universe
With the Divine vibration of peace and harmony
So that the natural beauty within the land
Within the oceans, within the sky
And within the heart of each human being
Will be made visible, will be honoured
And will be a testimony to the sacred Source of Life
The Sacred Source of Life.**

**Laat de Geest van Vrede
Tot diep in de oceanen
En tot hoog in de lucht uitreiken
Om zo deze wereld
 tot één harmonieus geheel te weven
Deze planeet te baden in licht en liefde,
En dit Heelal te zegenen
Met de Goddelijke vibratie van vrede en harmonie
Opdat de natuurlijke schoonheid in het land,
In de oceanen, in de lucht
En in de harten van ieder mens
Zichtbaar gemaakt wordt, geëerd wordt
En zal getuigen van de heilige Bron van Liefde
De Heilige Bron van het Leven.**
