SHORT BIOGRAPHY:

M a r i a T a l i s (composer, poet and
conductor)

created several musical meditations:
she wrote down universal truths in a few
words and
created choir music to it.

Some say it reminds them somewhat of Taizé
songs.

The music stills the mind and the words
resonate in
each heart.

It has been written in a way that anyone can
sing
along. Very suitable for community singing,
also with
untrained singers.
